Spray tan consent form

Consent to spray tan services

I voluntarily request and consent to a spray tan or other sunless tanning service provided by **[Business Name]** and its technicians.

Spray tan services may include:

- Airbrush or spray gun application of sunless tanning solution
- Mobile spray tans at my home, an event venue or another location
- Express, rapid-development or gradual tanning solutions
- Contouring, colour correction or touch-up applications
- Barrier creams, pre-tan sprays, finishing powders and aftercare products

I understand that a spray tan is a cosmetic service. It is not a medical treatment, and the technician is not providing medical advice.

I may ask questions at any time and may stop the application at any point.

Tanning solution and ingredients

I understand that most sunless tanning solutions contain dihydroxyacetone (DHA), which reacts with the outer layer of the skin to produce a temporary brown colour.

Solutions may also contain bronzers or guide colours, fragrances, preservatives, botanical extracts, alcohol, moisturisers and other cosmetic ingredients.

I have been given the opportunity to ask for the product name and a list of ingredients before treatment.

I understand that DHA is intended for external use on the skin, and that the eyes, lips and mucous membranes should be protected from the spray.

Allergies and patch testing

I understand that some people develop skin irritation, itching, redness, rash, swelling or an allergic reaction to tanning solutions or their ingredients, including on a first application or after previous tans without a reaction.

I confirm that I have disclosed any known allergies or sensitivities, including to DHA, fragrances, preservatives, nuts, latex, alcohol, cosmetics or skincare products.

[Business Name] has offered me a patch test before a full application. Where I decline a patch test, I accept the increased risk of an unexpected reaction.

If I notice itching, burning, swelling, a rash or difficulty breathing during or after the tan, I will tell the technician immediately, wash the product off where possible and seek medical attention where appropriate.

Health, skin and pregnancy information

I confirm that I have told the technician about any of the following that apply to me:

- Pregnancy or breastfeeding
- Asthma, breathing problems or sensitivity to sprays or fragrances
- Eczema, psoriasis, dermatitis, rosacea or other skin conditions
- Open cuts, sores, rashes, sunburn, infections or recently healed wounds
- Recent waxing, shaving, laser hair removal, chemical peels, microdermabrasion or other skin treatments
- Prescription skincare, retinoids or medications that may affect the skin
- Tattoos less than a few weeks old or recent cosmetic procedures
- Any other condition that may affect my suitability for a spray tan

I understand that the technician may postpone, adjust or decline the service if it does not appear suitable, and that I should seek advice from a healthcare provider if I am unsure whether a spray tan is appropriate for me.

Eyes, lips, inhalation and ventilation

I understand that the spray may cause irritation if it enters the eyes, nose or mouth, and that inhaling spray mist may cause coughing or discomfort, particularly for people with asthma or respiratory sensitivity.

I agree to:

- Close my eyes and hold my breath or breathe gently when the technician sprays my face
- Use any lip balm, nose filters, eye protection or barrier products provided or recommended
- Tell the technician if I feel short of breath, dizzy, faint or unwell
- Leave the tanning area for fresh air if I need to

[Business Name] will use ventilation or extraction where available and suitable for the location. I understand that conditions may differ at mobile appointments.

No sun protection

I understand that a spray tan does not provide meaningful protection from the sun, unless a product is specifically labelled with a sun protection factor.

I will continue to use sunscreen and other sun-protection measures after my tan. I understand that some product labels advise extra care with sun exposure for a period after a DHA application.

Results and colour

I understand that spray tan results vary between people and cannot be guaranteed.

Results may be affected by:

- My natural skin tone, skin type and skin condition
- Dry areas such as knees, elbows, hands, ankles and feet
- Products, moisturisers, deodorant or perfume on the skin at the time of application
- Recent exfoliation, hair removal or skin treatments
- Sweating, water contact, clothing or friction before the tan has developed
- Medications, hormonal changes and individual skin chemistry

I understand that a tan may appear darker, lighter, more orange or more uneven than expected, may develop patchiness or streaks, and usually fades over several days as the skin naturally sheds.

Staining of clothing, bedding and surfaces

I understand that bronzer and tanning solution can transfer from my skin before the tan is rinsed off, and that it may stain clothing, underwear, bedding, towels, car seats, furniture and other surfaces.

I will wear loose, dark clothing after my appointment and protect surfaces as advised.

[Business Name] is not responsible for staining of clothing, footwear, accessories, bedding or other property caused by product transfer, except where caused by its negligence.

For mobile appointments, I will provide a suitable area and understand that the technician will use reasonable protective coverings but cannot guarantee that overspray will not reach nearby surfaces.

Preparation and aftercare

I have received, or will receive, preparation and aftercare instructions, and I understand that following them affects my results.

Before my appointment I agree, as advised, to:

- Exfoliate and complete hair removal in advance of the appointment
- Arrive with clean skin and no moisturiser, deodorant, perfume or make-up unless the technician advises otherwise
- Remove jewellery and tie back long hair

After my appointment I agree, as advised, to:

- Wait the recommended development time before showering
- Avoid swimming, exercise, sweating and water contact until the first rinse
- Avoid tight clothing, bags and straps that may rub the developing tan
- Pat my skin dry and moisturise regularly to help the tan fade evenly

---

Photographs

I understand that **[Business Name]** may ask to take photographs of my tan for my records or for its portfolio and social media.

Photographs will be taken only with my consent, and I may decline without affecting my service. Where I consent to marketing use, I may later ask the business to stop using images where reasonably practicable.

Payments, cancellations and refunds

I understand that bookings, deposits, cancellation fees, late-arrival policies and travel fees for mobile appointments are subject to the policies of **[Business Name]**.

Because results depend on individual skin, preparation and aftercare, refunds are not normally given for dissatisfaction with colour or fading. Any corrections or touch-ups are at the business's discretion.

This does not affect any rights I have under applicable consumer law.

Assumption of risk

I knowingly and voluntarily accept the ordinary risks of a spray tan, including skin irritation, allergic reaction, eye irritation, uneven results and staining.

I accept responsibility for reactions, poor results or losses caused or materially contributed to by:

- Information I concealed or provided inaccurately
- An allergy, skin condition, pregnancy or medication I did not disclose
- My decision to decline a patch test
- My failure to follow preparation, application or aftercare instructions
- Sun exposure without adequate sun protection

Liability release

To the fullest extent permitted by applicable law, I release **[Business Name]** and its owners, technicians, employees, contractors and representatives from claims arising solely from:

- The ordinary risks of spray tanning knowingly accepted in this form
- Information I concealed or provided inaccurately
- My failure to follow reasonable instructions or aftercare advice
- Variations in colour, development or fading that are within the normal range for sunless tanning
- Transfer of product onto clothing, bedding or surfaces after the appointment

This release does not exclude or limit liability that cannot legally be excluded or limited.

It does not apply to fraud, intentional misconduct, gross negligence, violations of mandatory consumer rights or any other liability that applicable law prohibits the business from waiving.

Privacy and recordkeeping

I understand that **[Business Name]** may collect and retain information where reasonably necessary to:

- Manage bookings and client records
- Understand allergies, skin conditions and other relevant health information
- Record patch tests, products used and treatment notes
- Respond to reactions, complaints or legal claims
- Meet insurance and legal obligations

Information will be handled according to the business's privacy notice and applicable data-protection laws.

Final declaration

By completing and signing this form, I confirm that:

- I have read and understood the entire form.
- The information I have provided is complete and accurate.
- I have disclosed any known allergies, skin conditions, pregnancy and relevant medications.
- I understand that spray tan results vary and are not guaranteed.
- I understand that a spray tan does not protect my skin from the sun.
- I will protect my eyes, lips and nose during application and follow aftercare instructions.
- I had an opportunity to ask questions before signing.
- I understand that this form does not remove rights or protections that cannot legally be waived.

Client completion

Contact details

First name *

Last name *

Phone

Email *

Date of birth

Do any of the following apply to you?

- [ ] Pregnant or breastfeeding
- [ ] Asthma or breathing problems
- [ ] Eczema, psoriasis or other skin condition
- [ ] Known allergy to tanning products, fragrances or cosmetics
- [ ] Broken skin, sunburn or rash
- [ ] Retinoids or medication affecting the skin
- [ ] None of these

Please give details of any allergies, skin conditions, medications or previous reactions to tanning products

Patch test *

- ◯ Completed patch test with no reaction
- ◯ Declined patch test

Photo consent

- ◯ I consent to photos for my records only
- ◯ I consent to photos for marketing
- ◯ I do not consent to photos

☐ I have read, understood and agree to the Spray Tan Consent Form above. I confirm that the information I have provided is accurate and that I voluntarily consent to the spray tan service and accept its risks. *
