Model Release Form

Please read this release carefully. By signing, you give permission for photographs, video, audio, and other recordings made as part of the project identified below to be used according to the terms of this agreement.

Permission to photograph & record

I authorize the photographer, videographer, producer, business, organization, or client responsible for the project, together with its permitted licensees and service providers (collectively, the "Producer"), to photograph, film, record, or otherwise capture my image, likeness, appearance, movements, and voice in connection with the project.

I grant the Producer permission to reproduce, publish, display, distribute, transmit, and otherwise use the resulting photographs and recordings for the uses authorized in this release.

Permitted uses

The photographs and recordings may be used only for the purposes authorized below and subject to any written restrictions included in this form.

Permitted uses may include websites, social media, portfolios, advertisements, marketing campaigns, printed materials, publications, presentations, displays, public relations materials, and other media specifically authorized by this release.

The Producer may provide the material to designers, agencies, printers, publishers, hosting providers, advertising platforms, distributors, project clients, and other service providers when reasonably necessary to carry out an authorized use.

Editing & alterations

I understand that photographs and recordings may be cropped, resized, color-corrected, retouched, captioned, combined with text or graphics, reformatted, or otherwise edited for an authorized use.

This release does not authorize unlawful, defamatory, pornographic, or deliberately misleading use of my likeness, nor does it authorize the creation of a false statement or testimonial attributed to me.

Advertising & endorsements

Permission to appear in advertising does not by itself authorize the Producer to falsely represent that I personally use, recommend, endorse, or hold a particular opinion about a product, service, organization, political position, medical treatment, or other subject.

Any testimonial or endorsement presented as reflecting my actual opinions, beliefs, findings, or experiences requires appropriate authorization and must accurately reflect what I have agreed to communicate.

AI, synthetic media & digital replicas

Ordinary editing permission does not automatically authorize the creation of a realistic synthetic version of me, a voice clone, a new performance that I did not make, or a reusable digital replica of my identity.

Any permission for AI-generated or synthetic representations is governed by the separate choices below. This release does not authorize use of my recordings to train or fine-tune a reusable artificial intelligence model of my identity unless that permission is separately agreed in writing.

Copyright & ownership

I understand that this release grants permission to use my image, likeness, and other authorized aspects of my identity. It does not transfer copyright ownership of the photographs or recordings to me.

Copyright and ownership of the photographs or recordings will remain with the photographer, producer, employer, commissioning party, or other copyright owner as determined by the applicable agreement and law.

Name & identification

The Producer may identify me only according to the name and credit preference selected below. Unless otherwise agreed, the Producer is not required to provide a public credit or attribution when using the material.

Compensation

Any payment, services, photographs, products, portfolio exchange, or other compensation for the session should be identified below or in a separate agreement.

Unless otherwise agreed in writing, I understand that the compensation described for this project, if any, is the agreed consideration for the permissions granted in this release and that I am not entitled to additional royalties each time an authorized photograph or recording is used.

Duration & withdrawal

Unless an expiration date or other restriction is written below, the permissions granted by this release have no fixed expiration date to the extent permitted by applicable law.

I understand that applicable law may affect whether or how permission can later be withdrawn. A request concerning future use may not require the recall or destruction of materials that were already

lawfully printed, published, distributed, licensed, or incorporated into completed materials before the request was received.

Models under the age of majority

If the model is under the legal age of majority, this release must be completed and signed by a parent or legal guardian. The parent or legal guardian confirms that they have authority to provide the permissions granted in this release to the extent permitted by applicable law.
